

## THE DUNAJEC RIVER RAFTING

The Dunajec River Gorge is one of the most spectacular gorges in the whole Europe. We invite you to explore it by rafts on the Dunajec River, along the Polish-Slovakian border, which is an exciting yet safe and comfortable opportunity to admire the impressive beauty of Polish highlands and the Pieniny National Park. Such wooden canoe trips, reaching 15 km in length horizontally and 35 m vertically, have been organized since 19<sup>th</sup> century by highland rafters, who are not only great guides but also fantastic storytellers (mostly speaking in the specific Polish highlander's dialect).

The programme includes:

- the licensed guide service during the tour
- a scenic ride in the Dunajec River valley
- a raft trip on the picturesque Dunajec River
- a stop at the 15<sup>th</sup> century wooden church in Dębno
- a stop at the 14<sup>th</sup> century Niedzica castle and the nearby dam on the Dunajec River
